CYBER SECURITY

ENJOY SAFER TECHNOLOGY™

ESET® CYBER SECURITY

ESET® Cyber Security delivers fast, powerful protection to your Mac, helping you enjoy safer technology. On the Internet, your personal data is secured against theft by Anti-Phishing. The solution is designed to look after your security, while not getting in your way – ESET Cyber Security's low system footprint takes care of that.

Legendary antivirus technology

Multi-layered security protects you against all types of online and offline threats and prevents malware spreading to other users.

Banking and privacy secured

Prevent unauthorized access to your computer and misuse of your data. Stay safe while making online payments and accessing e-wallets.

Protect your IoT and webcam

Test your home router and smart devices for vulnerabilities. See and block any unexpected access to your webcam.

110M+
safe users worldwide

100+
prestigious VB100 awards

30+
years of NOD32 technology

Award-winning protection

Independent evaluators put ESET among the best in the industry, shown also by the record number of *Virus Bulletin's VB100 awards*.

State-of-the-art technology

Advanced Machine Learning, DNA detections and a cloud-based reputation system are just some of the cutting-edge tools developed in our 13 R&D centers.

Made in the European Union

ESET values, like integrity, reliability and independence, all stem from our European roots and are safeguarded by our private ownership structure.

Be safer on the internet

Protect your Mac against malware, as well as Windows- and Linux-targeted threats. Stay clear of all types of malicious code, including viruses, worms, and spyware.

Antivirus and Antispyware	Eliminates all types of threats, including viruses, worms and spyware
	ESET LiveGrid® technology: whitelisting of safe files based on file reputation database in the cloud
Anti-Phishing	Protects you from attempts to acquire sensitive information such as usernames, passwords or banking and credit card details by fake websites masquerading as trustworthy ones
Removable Media Control	Lets you disable access to removable media (CD-ROM, FireWire, USB, iOS devices and others)
	Allows you to prevent unauthorized copying of your private data to external device
Auto-scan of Removable Media	Scans devices and media for malware immediately upon insertion
	Scanning options include Scan/No Action/Setup/Remember this action
Web and Email Scanning	Scans websites (HTTP) while you browse and checks all incoming emails (POP3/IMAP) for viruses and other threats
Cross-platform Protection	Stops malware spreading from Mac to Windows endpoints and vice versa
	Prevents your Mac from turning into an attack platform for Windows-or Linux-targeted threats

Enjoy the full power of your Mac

Protection that leaves more power for programs you use daily. Work, play and browse the Internet without slowdowns. Take advantage of a range of security features to stay online and unplugged longer and enjoy multimedia without pop-ups.Stay clear of all types of malicious code, including viruses, worms, and spyware.

Small System Footprint	ESET Cyber Security maintains high computer performance and extends the lifetime of hardware
Presentation Mode	No disruptive pop-ups during presentations, videos or other full-screen applications
	Pop-ups are blocked and scheduled security tasks postponed – to maximize performance and network speed
Fast Updates	ESET security updates are small and automatic, so won't noticeably affect your internet connection speed

Install and forget or tweak away

Enjoy the familiar streamlined interface that dovetails with your Mac and get powerful protection with default settings. Find the settings you need and easily set up and run computer scans. You get uninterrupted protection as the program runs in the background, and only asks for your attention when necessary.Stay clear of all types of malicious code, including viruses, worms, and spyware.

Settings for Advanced Users	Offers in-depth security settings to fit your needs – for example you can set up scanning time and size of scanned archives
One-click Solution	Protection status and all frequently used actions and tools are accessible from all screens
	In case of any security alerts, quickly find the solution in one click
Familiar Design	Enjoy a graphic interface that has been designed especially to complement the look of macOS
	The Tools pane view is highly intuitive and transparent, allowing for quick navigation
